NORTHGATE ATHLETIC BOOSTERS OVERVIEW

The Northgate Athletic Boosters is made up of proud parents, faculty, and sponsors of Northgate High School's athletic programs, cheerleading squads, and our Certified Athletic Trainer and Sports Medicine program. The Boosters' efforts and financial support influence and benefit over 800 students each year. **We provide approximately \$90,000 per year to help defray the cost of our athletic and Sports Medicine programs financed by Athlete Membership fees and the annual Crab Feed.**

Athlete Membership

Each athlete is asked to join the Northgate Athletic Boosters by donating \$75 per year. This membership will be credited to each sport the athlete participates in during the entire school year. Membership funds are allocated based on the number of Northgate Bronco Booster members participating in all sports and the number of members participating in a particular sport. Team allocations defray the cost of equipment, uniforms, travel, and awards. All teams, regardless of their size or sport, benefit from the Northgate Bronco Boosters' efforts.

Additional Financial Support Provided

- **Rental cost for the bleachers in the new Sports Complex.** It is anticipated that the permanent bleachers will not be installed in the Sports Complex until Fall 2011 at the earliest. Until the permanent bleachers are installed, the Boosters are covering the annual cost for the rented bleachers.
- **Advanced Weight Training class.** Due to District budget cuts, the Advanced Weight Training class for student-athletes is not funded. The Boosters subsidize 50% of the cost of this program, which teaches advanced training techniques and skills, and the development of individual fitness programs.
- **Subsidies for sports contribution fees.** High school sports in the District are now fully funded by parent contributions. The Boosters subsidize these sports contributions for Northgate families participating in free and reduced lunch programs.

Crab Feed

Each January, **the Northgate Athletic Boosters have an annual Crab Feed.** This is our most important and productive fundraiser. It is a gala evening of dining and dancing, including a silent and live auction and plenty of fun! **This event raises approximately \$40,000 each year.**

Sports Medicine Program

The Northgate Bronco Boosters are committed to supporting our athletic program's goal of health and safety for our athletes. Northgate's Certified Athletic Trainer and the Sports Medicine program provide injury prevention and rehabilitation. **The Northgate Athletic Boosters allocate over \$28,000 each year to subsidize the Certified Athletic Trainer and training equipment.** The Sports Medicine program is administered by ROP (Regional Occupational Program) and Northgate's Certified Athletic Trainer. It is offered to any junior or senior student enrolled in the Mt. Diablo School District. The program includes human anatomy, nutrition, emergency medical care, evaluations of athletes' injuries, CPR training, weight training, equipment fitting, taping of athletes, etc. Northgate's Certified Athletic Trainer is available to all students.
